# GRC2008

**Governance, Risk & Compliance**

MARCH 10 – 13 • ORLANDO

Produced and conducted by WIS, publisher of SAP Insider, with permission from SAP AG

## TransportConnect<sup>TM</sup>

**Attend TransportConnect<sup>TM</sup>  
session and collect your gift  
from booth 705**

Please join DGN Technologies, Inc., Premier Sponsor, at the SAP GRC 2008 Conference in Orlando, Florida on March 10-13 2008. At the conference, we will showcase DGN Product **TransportConnect<sup>TM</sup>**

- Object Collision and Critical Object analysis to prevent transportation of conflicting and unauthorized business sensitive objects
- Object Version checks to block accidental migration of obsolete versions
- Impact Analysis of customization changes on the business and regulatory compliance
- Built In Transport Lifecycle Management with Change Request Tracking, Control and Audit logs – No more disjointed, manual, standalone, email driven tracking of SAP Change Requests
- Management of Customization and Configuration Projects with object dependencies and sequencing
- Workflow driven Transport Monitor with alert notifications and approval process
- Enforcement of best practice transport landscape (Transport Route Management)
- Rule Based What If Analysis (Simulation) and Prevention of unauthorized changes

The above listed features of **TransportConnect<sup>TM</sup>** deliver huge benefits to the customers, some of them are:

- Effective and Efficient management of SAP customization and configuration changes
- Cuts down the efforts by 2/3rd in managing and implementing SAP configuration and customization changes for system upgrades and maintenance
- Reduction (Prevention) of SAP Down Time
- Reduction in Customization and Configuration Errors
- Business Impact reporting resulting in efficient test scoping - No more missed test scenarios
- Accelerate time to market for system upgrades and business process improvements - Competitive Edge
- Compliance to IT Objectives and Regulations
- Audit Friendly - Almost eliminates the inherent risk in SAP Transport Migration Process

Please attend **TransportConnect<sup>TM</sup>** presentation/Demo on **March 11, 2008 at 10:30 AM** in **Room: Toucan**

Sincerely,  
Ranvir Singh
